

Career Guidance on GRE

Department of ECE, NECN organized a “Career Guidance on GRE” on 16-11-2018 by the Alumni Mr. Ch.SRINATH, Software developer, MOLEX, Chicago.

Mr Ch Srinath explained the different aspects of the GRE exam, including but not limited to – the question pattern, sections, scoring pattern, the content asked, the skills required, the admission and application process for the universities/colleges abroad and also about the top colleges.

Students were appreciative of the information received about GRE and how to get in the top colleges abroad, and hopefully will help them to take a wise decision for their career. Various queries that the students had were also solved by the resource person
