DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Report on "JAM"

ECE department has conducted "JAM on behalf of "AKHYANA" (students association) on 31/08/2019. Students of II and III Year B.Tech ECE students are participated in this event.

JAM Abbreviation is "Just A Minute". In this process, students are asked to speak on "Is AMARAVATHI is the right capital for Andhra Pradesh" for a **minute**. It was conducted for students to improve their communication skills. In this event, any student can take initiative and speak on the topic for a **minute**.

Some of the important points in JAM –

- When the Andhra Pradesh government decided to name the proposed new capital city 'Amaravati' it was not just to resurrect the name of an ancient political, cultural and Buddhist capital that was ahead of its time even then, but also with the hope that the new capital would acquire the name, fame, glory and grandeur associated with it — retaining its historical significance yet reflecting modernity.
- Amaravathi (Capital of AP) suitable for competent administration, economic development, and cultural integration.
- The region was also chosen because of its scenic beauty with blue hills overlooking the river Krishna.
- Land is available for constructing a capital city.
- Plenty of water is available from the river Krishna for the capital city and its residents, and the government plans to revive decades-old waterways and canals linking the capital with many towns in the Krishna delta.
- Amaravati is one of the few places in the country where a river flows north instead of south or east. This is considered auspicious and well over 2,000 years ago, the Satavahanas chose the site to build their capital at Dharanikota, two kilometres away from Amaravati town. It's located close to two well developed cities, it is 32 kilometres away from Guntur and 39 kilometres away from Vijayawada.
- The people speaking telugu had their own country 2000 years ago and it was called "Andhra desam" which was ruled by The Mourya and Sathavahana dynasties. The Telugu Kings ruled almost half of India from this very place called Amaravathi.

Because of these five (*Auspicious location, The scenic beauty of Amaravathi, Centrally Located, Large tracts of Land through pooling, On the banks of River Krishna*) reasons why the spiritual city of Amaravathi is chosen to be Andhra's capital
