A BRIEF DESCRIPTION OF THE EVENT:

Department of Electronics and Communication engineering has conducted an online webinar on “Career Awareness and Opportunities in Electronics Industry” under IIC for IV B.Tech students on 23-12-2020. The Resource Person for the event is **Mr. P. Chaitanya, Associate Manager, Accenture.**

In this they focused on team work, willingness to learn and being flexible, problem solving and logical skills, communication, self motivation/starter, soft skills & leader ship.

Outlet of the presentation

Faculty and Students Participation in Online Webinar

Team work: Teamwork is the collaborative effort of a group to achieve a common goal or to complete a task in the most effective and efficient way. This concept is seen within the greater framework of a team, which is a group of interdependent individuals who work together towards a common goal.

Willingness to learn: Willingness to learn is a key behavior that helps us get on in life, whether personally or professionally. Simply put, it's being open to – or seeking out – new experiences, skills and information that improve our abilities and enjoyment.

Being Flexible: To be flexible means to be willing to adapt to change. Being flexible in your work requires that you keep an open mind. ... Working as a team takes a certain amount of flexibility by each employee.

Interaction with Resource Person

Problem solving: Problem solving is the act of defining a problem; determining the cause of the problem; identifying, prioritizing, and selecting alternatives for a solution; and implementing a solution. The problem-solving process.

Logical skills: The ability of an individual to think in a disciplined manner or base his thoughts on facts and evidence is known as his logical thinking skills. Very simply, logical thinking skills mean incorporating logic into one's thinking process whenever analyzing a problem in order to come up with a solution.

Communication: Communication can be categorized into three basic types: (1) verbal communication, in which you listen to a person to understand their meaning; (2) written communication, in which you read their meaning; and (3) nonverbal communication, in which you observe a person and infer meaning.

Discussion on Queries

Self motivation: Self-motivation is the force that keeps pushing us to go on – it's our internal drive to achieve, produce, develop, and keep moving forward. When you think you're ready to quit something, or you just don't know how to start, your self-motivation is what pushes you to go on.

Soft skills: Soft skills include interpersonal (people) skills, communication skills, listening skills, time management, and empathy, among others. Hiring managers typically look for job candidates with soft skills because they make someone more successful in the workplace.

Leadership: According to the idea of transformational leadership, an effective leader is a person who does the following: Creates an inspiring vision of the future. Motivates and inspires people to engage with that vision. Manages delivery of the vision.

Almost 78 students attended and interacted with the resource person for clearing their doubts.
