

## Academic Year: 2019-2020

### 1. Student Association Activities

Date: 27.7.2019

The student association has organized Quantitative Aptitude for the students of II-MCA. As part of this event, the students have to choose different topics on Quantitative Aptitude.

### 2. Student Association Activities

Date: 31.8.2019

The student association has organized Technical Quiz for the students of II-MCA. Topics were chosen on C-Language and Java. Such activities will bring sound technical awareness in the students.

### **3. Student Association Activities**

**Date: 07.9.2019**

The student association has organized Logical Reasoning for the students of II-MCA and III-MCA. As part of this event, the student coordinators have come up with various Reasoning topics like puzzles, coding-decoding, Inequalities etc. This will help them to crack the written tests with ease during placement drives.

### **4. Student Association Activities**

**Date: 28.9.2019**

The student association has organized JAM (Just A Minute) session for the students of I-MCA. In this activity, the students were given a topic – “If you were the Chief Minister, what new regulations can be brought to the state”. Many students participated in the activity and expressed new ideas like traffic rules, schools renovation, eradication of unemployment etc.
